Main ingredient

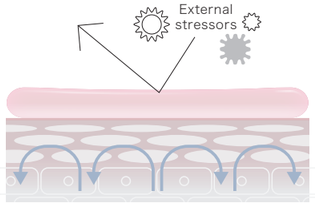

## Lithospermum root

[Skin protection･Hair repair]

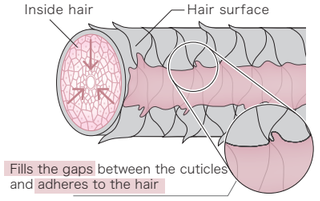

### for SKIN&BODY

This is a plant-derived ingredient used in skincare since ancient times. It maintains moisture in delicate skin and gently supports the skin barrier function.

### for HAIR

With a history of use as a dye, it adheres naturally to fibers, a property utilized in haircare. Deeply panetrates to care for damaged hair, leaving it smooth and silky.

## MOIST VEIL　SHAMPOO･TREATMENT

### Moisture Barrier Formula

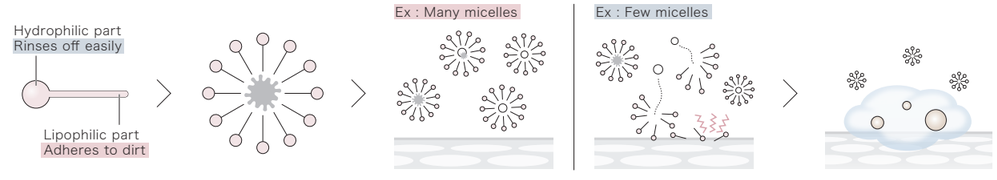

ARIMINO's unique formula minimizes residual surfactants that may cause irritation while effeciently foaming micelles.

Surfactant alone may cause irritation!

Forms micelles to grab and hold dirt

Efficient micellization allows micelles to take in more air

Creates foam with minimal surfactant and friction

☐Minimizes the factors of irritation

☐Rich foam reduces friction

☐Reducing surfactant helps minimize color fading

A mild shampoo suitable for delicate skin and hair after coloring.
Its selective cleansing formula retains beauty ingredients and plant oil on both skin and hair.

Main ingredient

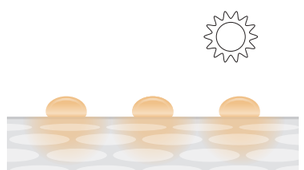

## Astaxanthin
[Moisturizing]

Naturally derived “Astaxanthin” is characterized by the ingredient itself being red.
Supports scalp and hair health with the power of nature.

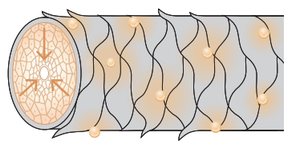

### for SKIN&BODY

Astaxanthin, a key ingredient that targets age-related skin changes, helps support skin affected by aging, promoting healthy skin.

### for HAIR

Deeply penetrates and moisturizes damaged hair, leaving it glossy and manageable while keeping the scalp comfortable.
Protects hair from dryness and damage caused by UV exposure.

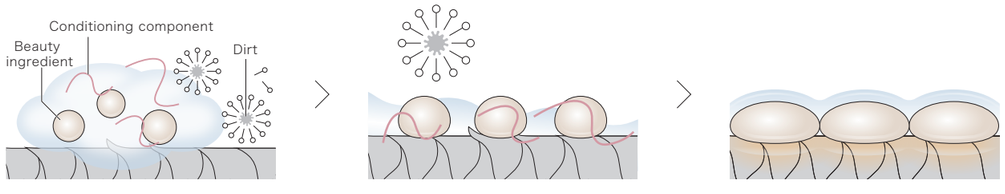

## PUFF SMOOTH　GENTLE MOIST
## SHAMPOO・TREATMENT

### Moisture Shrink Formula

Removes only dirt using “Selective Cleansing” technology, retaining essential beauty components.

ARIMINO’s original “Moisture Shrink Formula” retains beauty ingredients like “Astaxanthin” and plant oils while removing only dirt.

### Lather

Surfactants capture and lift away only dirt from hair.
Although beauty ingredients are also oils, conditioning components protect them from washing away.

### Cleansing

When rinsing, conditioning components hold essential beauty ingredients in place on the scalp and hair.
Only dirt is washed away with surfactants.

### Finish

After rinsing, beauty ingredients remain on the scalp and hair, helping to retain moisture both on the surface and within.

## PUFF REFRESHING　MIST

SERUM SPA OIL

## HOW TO USE

### for SKIN&BODY&SCALP

#### As a pre-facial lotion booster*1

Apply washing your face, apply a thin layer of oil all over. It leaves your skin feeling soft and helps facial lotion absorb more easily*2.

#### Add to your daily skin & body care

Apply 1-3 drops to facial lotion, body cream, or other products. It can also be used with liquid foundation.

#### At the end of moisturizing care

As a finisher to skin & body care,  apply the oil all over your skin. The oil envelops your skin, helping to keep it well hydrated.

#### For scalp massage

Before shampooing, apply the oil to the scalp and gently massage the sides.
Shampoo after the massage.

### for HAIR

#### As a hair oil for hair protection

After towel-dry, apply 2-3 drops to damp or dry hair. The oil coats each strand, helping to protect it from dryness.

#### As an intensive hair treatment

Mix 2-3 drops into your hair treatment*3 and apply mainly to the end. It helps improve the texture of damaged hair, leaving it soft and manageable.
