Structure of COSME series

Express wide variety of curl and texture control for any type of hair, and gives hair silky finish.

Best balance of Cysteamine & treatment.

Mask worrisome odor.

The three major features of "COSME series"

Hair softener CYSTEAMINE

Work on hair without too much swelling, this is why it's damageless

Cysteamine doesn't swell hair too much. It minimizes damage by preventing inner protein from outflowing. It allows for repeated use.

■ Comparison of hair strength

Measured the strength of hair which is repeatedly treated with Cysteamine. Cysteamine doesn't change its strength so much

■ Condition of cuticle

Virgin hair

COSME CURL EX (have done 5 times)

If examined microscopically, the condition is almost same as virgin hair

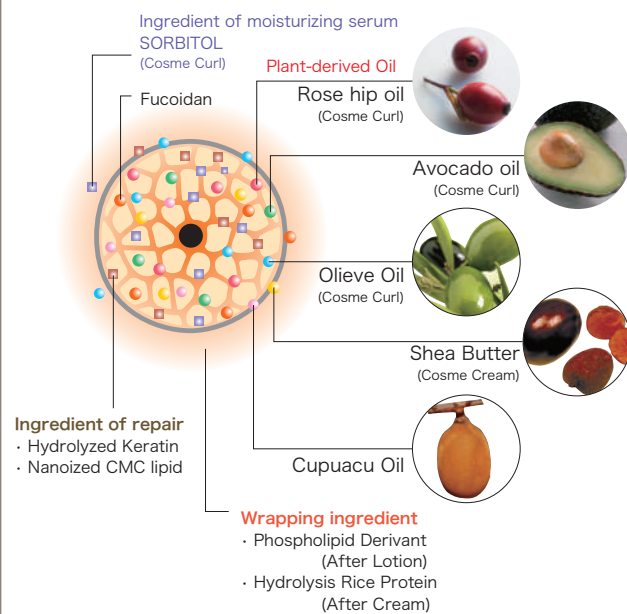

(当社研究所調べ)

TREATMENT element

Moisturizing & repairing ingredient gives moist & soft finish

Moisture is necessary to maintain beautiful curl & make hair manageable. Compounded moisturizing ingredient (4 kinds of essential oil such as rose hip & avocado, ingredient of moisturizing serum) Gives hair moist & create soft textured hair. The After-Wrapping ingredients hold moisture and enhance finishing.

■ moisturizing ingredient seep into inside hair

FRAGRANCE

Persistent fragrance mask the worrisome odor more than ever.

Enhanced essence take in the evolved odor while application process. And ARIMINO original fragrance coat the odor which could be masked enough. Crystal floral scent to your home

■ Masking the odor while application process

■ Gentle silky floral scent

To enhance the finishing quality

COSME ASSIST
CONDITIONER
800mL

Intermediate • After treatment
